

## **UASSP Summer Conference Breakout Sessions – 6/8**

Each session will be offered twice: 1:00 – 1:40 PM and 1:50 – 2:30 PM

### **Doug Webb – High School Principal of the Year (Lehi High School)**

#### ***Connecting with the Community Helps Foster Achievement***

This session will focus on the importance of investing in your community and how it will pay high dividends to help all students achieve at high levels. Along with other challenges, we have experienced an entire school re-build for the last five years. At one point, we had five different buildings without a hallway to connect them. Throughout that time, students continued to find academic and extra-curricular success. What seemed impossible was accomplished because the community came together.

### **Mindy Robison – Middle School Principal of the Year (Midvale Middle School)**

#### ***Rowing Together – Creating a School-Wide Culture that Values Each Individual***

This session will focus on how to create a positive school-wide culture that takes into account individual strengths, while creating a cohesive community focused on positive relationships and high expectations.

### **Mike Felix – Assistant Principal of the Year (Lake Mountain Middle School)**

#### ***Using Restorative Practices to Positively Impact School Culture***

This session will focus on using restorative practices and being intentional in our actions and relationships and how that will positively impact school culture. A focus on the positive “little things” we do every day will result in a stronger culture where everyone can belong. A look into how we can influence behavior and help things go right.

### **Mark Your Calendars Now for our Conferences Next Year:**

Secretaries Conference

October 6, 2022
