

Middle School Secretary of the Year – Mindy Wissler

Congratulations to Mindy Wissler from Mount Jordan Middle School, our 2024-25 Utah Middle School Secretary of the Year.

Mindy is the Counseling Secretary at MJMS and has been for the past 20 years.

Mindy started a community center for families in need. She single-handedly sought out funding so that it operates completely on its own. She lives in the neighborhood by the school and is the point of contact for many families when they first move in, many of whom are moving to the United States for the first time.

She celebrates students by putting together the honor roll and Mountaineer of the Month. She registers our students and helps all of our students and families feel welcome. Mindy does a lot behind the scenes and comes in on her days off to make sure students are supported. She is the heart of Mount Jordan and appreciated by the whole community. She goes above and beyond with a smile on her face.

Congratulations Mindy Wissler, our Middle School Secretary of the Year!
